cultural center

May 1, 1975

Miss Susan C. Griswold
Munroe Hall
Middlebury College

Dear Susan:

Next year there will be a new Board of Advisors to the Black Cultural Center which plans reorganization with expanded functions and hopes to achieve closer ties with the overall College community. The Board will consist of three faculty members, four members of the Black Student Union, and a Student Forum member.

I have been asked to appoint the faculty members to the Board of Advisors, and I write now to ask you if you will serve for the academic year 1975-76. The Black Cultural Center plans to improve its library in 1975-76 and to establish a series of faculty seminars in the area of Black Culture.

I very much hope you will assist in the program of the Cultural Center next year by serving in this advisory capacity.

Sincerely yours,

James I. Armstrong
President
